Feeling, is what converts time into moments, into snap shot of time to remember.

Emotions convert space into a home, yours.

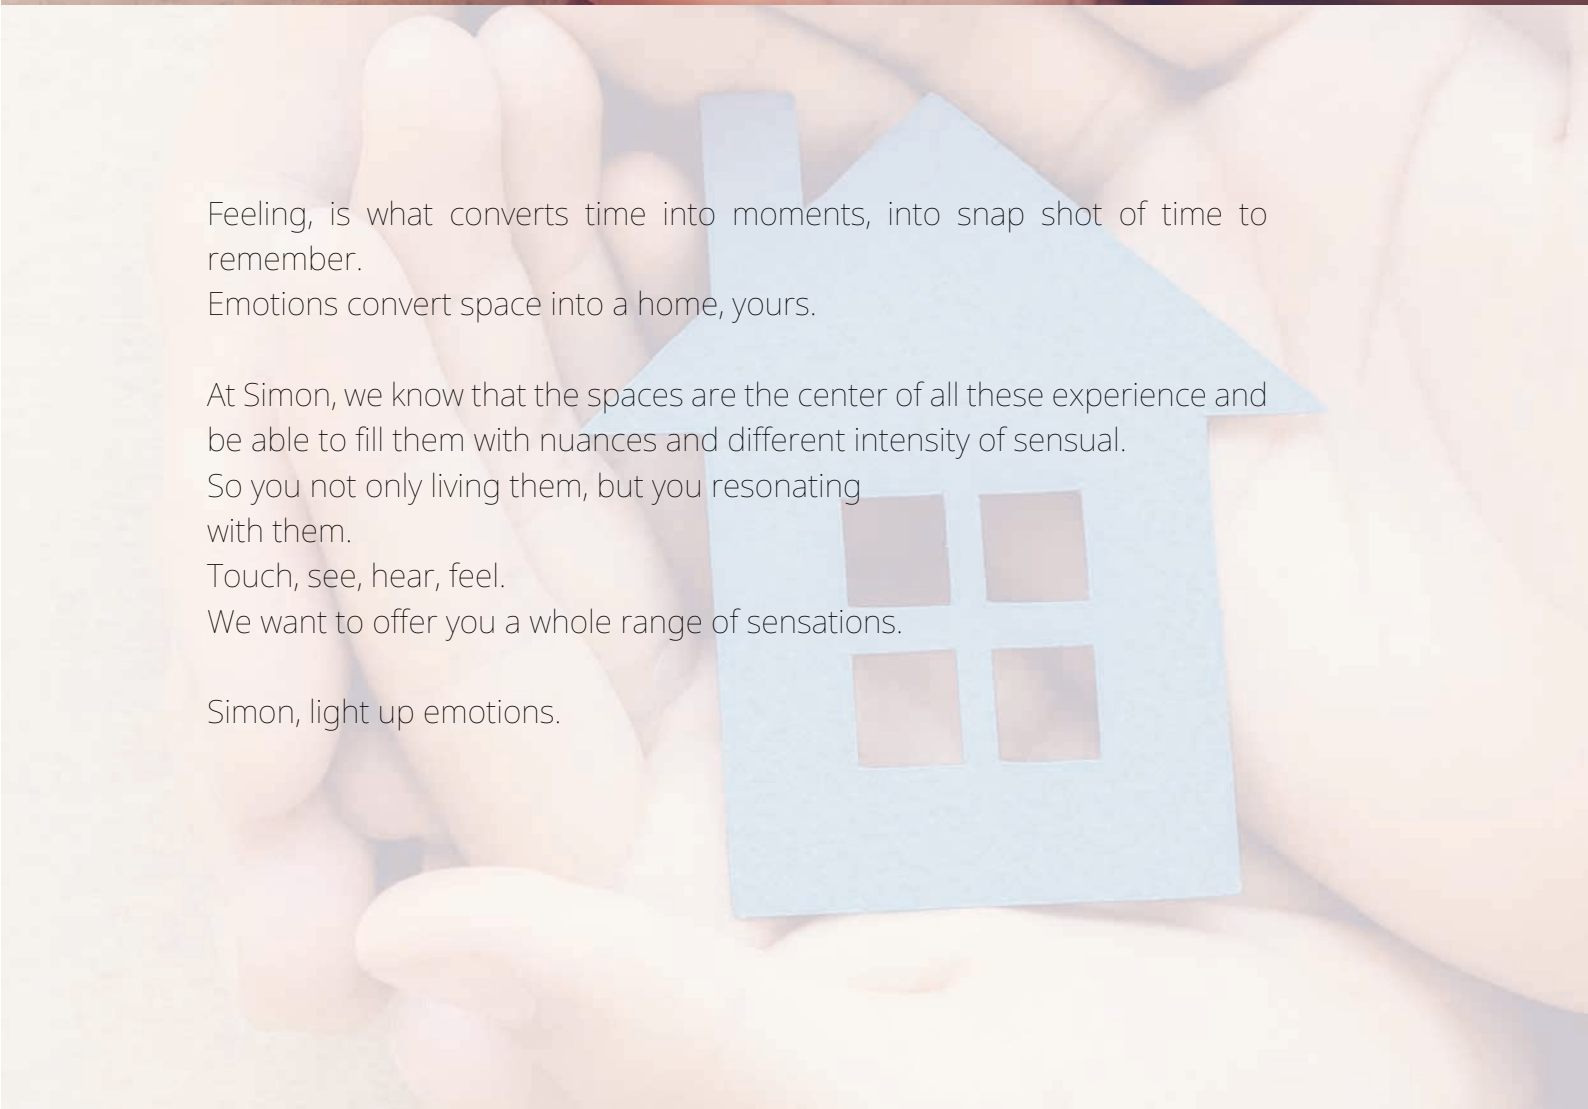

At Simon, we know that the spaces are the center of all these experience and be able to fill them with nuances and different intensity of sensual.

So you not only living them, but you resonating with them.

Touch, see, hear, feel.

We want to offer you a whole range of sensations.

Simon, light up emotions.

Simon in the World

Simon is an industrial group
with
more than 100 years history.

Simon is the head of an industrial group specialised in technological solutions for lighting, light control, connectivity(IOT), and electrical materials for contract projects (retail, hospitality, workplace), and residential projects. In all these fields, Simon maintains a firm commitment to design and innovation, which led it to receive the National Design Award granted by the Ministry of Economy, Industry, and Competitiveness on its one hundredth anniversary. After positioning itself as a leader in the Spanish market, the company has consolidated its presence in more than 90 countries, The Simon Group team is made up of 4,000 people around the world, with facilities in 15 countries, 9 of which have production centres.

NEW SENSE INTERFACES

The combination of touch-control, ergonomics and interaction
with the environment will make the Sense interfaces deserving
of several international awards.

INTERNATIONAL AWARDS

The Slim and Cool luminaires in the Fluvia collection have won
5 international awards.
iF Awards for Fluvia Slim luminaires.
Red Dot Awards for the Slim and Cool Fluvia luminaires.
Delta Awards in the selection category for Slim and Cool.
Delta Awards for Detail 83.
iF Gold Awards for Sense.

Smart lamp

Smart RGB+Tunable WH bulb(Wi-Fi)/Smart RGB WH GU10/Smart Tunable CCT GU10(Wi-Fi)

Features :

- Remote control by App:timer/custom scene/automation/group control
- Color changes follow the rhythm of the music
- Colorful light: RGB 16 million colors in full range
- Tunable White from 2700K to 6500K, dimming brightness
- Automation: act with other devices via gateway
- Voice control. Works with Alexa, Google speaker, Siri

Every ZigBee device starts with the gateway

Communication

The Zigbee devices create a strong mesh network for home automation. That mesh helps us to cover all the home, or any installation with only one gateway. Each zigbee device is a node which can support communication, the different elements help to bounce the information until it arrives to the gateway.

The recent addition of ZigBee 3.0 with excellent protocol performance created a unified standard to let all devices work together.

The gateway is:

- The control center of smart home.
- The bridge between the ZigBee device and the cloud.
- Based on Zigbee3.0 protocol.
- Able to support 100+ devices at the same time.
- The key for a remote control.
- Reliable for a local control.
- Able to support the interconnection of 3rd party devices.
- Equipped with AES secure encryption to fully protect your privacy.

Smart Gateway

Smart Wall-mounted Dual-USB Gateway(Wi-Fi)

Features :

- Easy to install: replace traditional socket in 86 mounting box
- Support max 20W Quick charge + Zigbee3.0 Smart gateway
- Integrate with Simon Smart system: Support 20 ZigBee devices
- Type A+C Dual USB Port: no need adaptor for charging
- Local automation service will continue when the network down
- Safety and reliable: over-Temperature, overload and short circuit protection function

Valor Bulb

Features :

- Wide range from 3w to 15w, multiple choice for light color
- Easy retrofit incandescent and CFL lamp for saving energy up to 80%
- Longer lifespan/up to 10 years(*4hrs/day)
- Flicker free/reduce eye stress
- Free of IR and UV radiation
- Fast heat dissipation

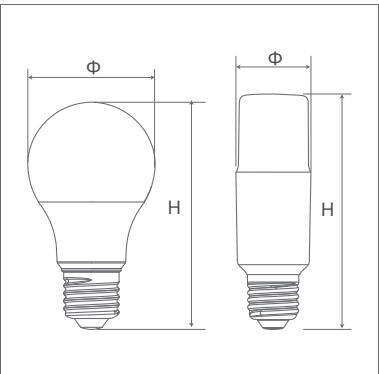

Application :

Certification :

*Adapted to fit T8 DE tube

Duro T8 Single End Tube

Features :

- Long lifespan/2 times as fluorescent T8 tube
- High lumen efficiency/up to 115lm/w
- Higher specification for project purpose

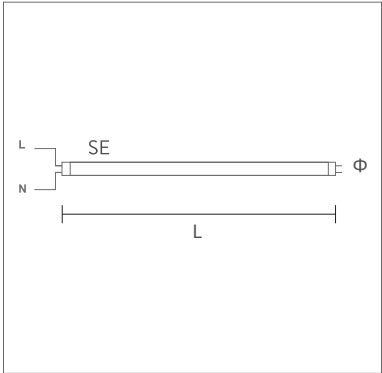

Application :

Certification :

Valor Downlight Gen2

Features :

- High lumen efficiency/up to 120lm/w
- Uniform lit surface with slim design
- Wide range variety/meet different needs
- Energy saving/up to 65% energy saving compared to conventional CFL downlight
- Long life/3 times more life than conventional downlight

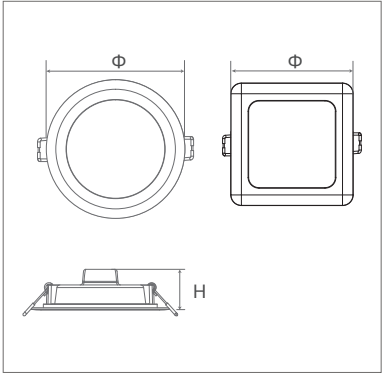

Application :

Certification :

CD20 Downlight

Features :

- High lumen efficiency/up to 115lm/w
- Anti-glare design with prism plate
- DOB design
- Long lifespan/30,000h
- Energy saving/up to 60% energy saving compared to conventional CFL downlight
- Flicker free

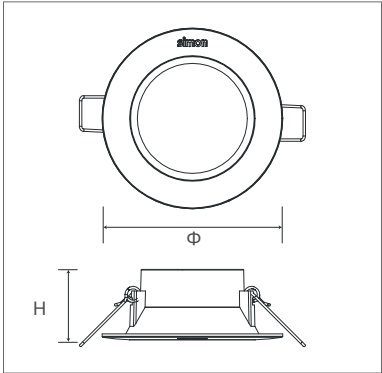

Application :

Specification :

AC220-240V 50/60Hz	PF 0.5	DF 0.9	INSTL Recessed	IP 20	Non -Dim
CRI ≥80	Beam angle 100°	Lifetime 30000h			

Dimensional Drawing:

Certification : CB SASO ROHS

CP20 Spotlight

Features :

- Adjustable light angle/30° adjustment by patented gear
- Anti-glare with minimum height/UGR<16
- Uniform beam powered by TIR lens
- Long lifespan 20,000h with plastic clad aluminum heat dissipation

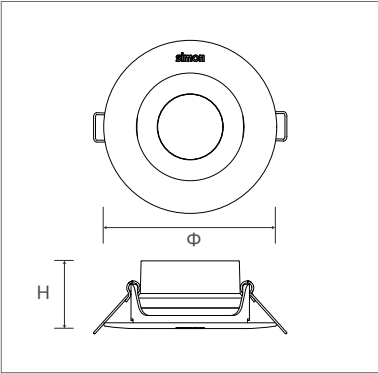

Application :

Specification :

AC220-240V 50/60Hz	PF 0.5	DF 0.9	INSTL Recessed	IP 20	Non -Dim	CRI 80/90
Beam angle 25°	Adjustable light 30°	Anti -glare UGR<16	Lifetime 20000h			

Dimensional Drawing:

Certification :

EMC

KC1 Spotlight

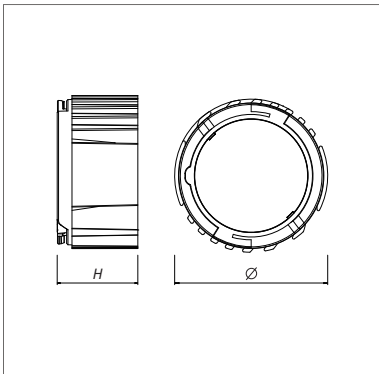

Features :

- Excellent chip/Splendid COB, CRI>90,R9>0
- Constant current driver with anti-over-voltage and short circuit protection
- Various structure/multiple module,match with 30 kinds of frames
- Exact lighting distribution/Lens+reflector secondary optical design: TIR anti-osmotic lens;Various beam angle,minimum to 10
- Simon smart enabled

Application :

RS22 Track Spotlight

Features :

- A clean and compact outlook design with inside track driver
- Basic range track spotlight for retail application
- Flexible adjustment horizontally and vertically
- Excellent punch-effect light quality

Application :

Certification :

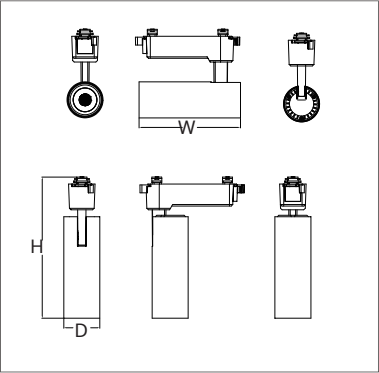

Specification :

Valor T5 Batten

Features :

- High lumen efficiency/up to 100lm/w
- Energy saving/up to 55% energy savings compared to conventional T5 batten
- Easy installation
- Multiple choice/broad range of lengths and color Temperatures

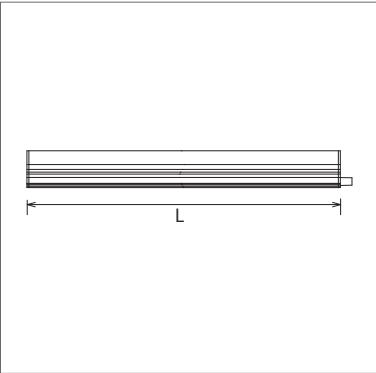

Application :

Certification :

CH22 Strip

Features :

- Higher brightness/double line LED design with 120 LEDS per meter
- Long life/high Temperature resistance
- Decorative lighting with different colors/good flexibility
- High quality/excellent consistency of color Temperature,copper wire>97%,high quality PVC strip cover
- RGB option

Application :

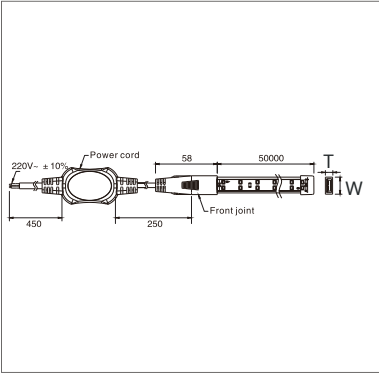

Certification :

*TIS MAX 400W

SS22 COB Strip

Features :

- Uniform light strip with COB technology
- Easy and flexible installation
- High lumen efficiency up to 100lm/w
- High color rendering >90
- Minimum cut 3.125cm
- Basic range for indoor cove lighting and decorative purposes

Application :

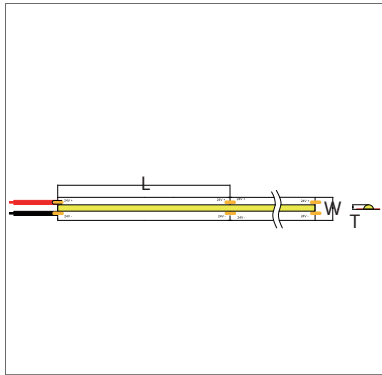

Certification :

*TIS MAX 400W / EMC HV

*For 24V strip

SS20 Strip

Features :

- Safety and easy installation/24V low voltage
- Indirect lighting creates comfortable space/good flexibility
- Long lifespan 25,000h with high quality driver
- Wide range of different wattages and IP20/IP65 option

Application :

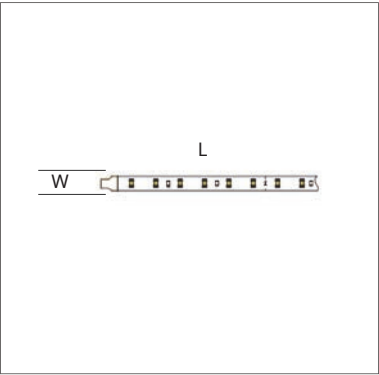

Certification :

FL30 Floodlight

Features :

- Modern design/big screen and slim compact design
- Optimized waterproof design for outdoor application/IP65 and with 3-1 patented waterproof terminal
- Stable performance in poor grid environment/Max 3KV surge protection
- High efficiency and energy saving/up to 90lm/W
- Low maintenance cost and long life/30,000h lifetime
- Excellent thermal management for stable performance/die-casting aluminum housing

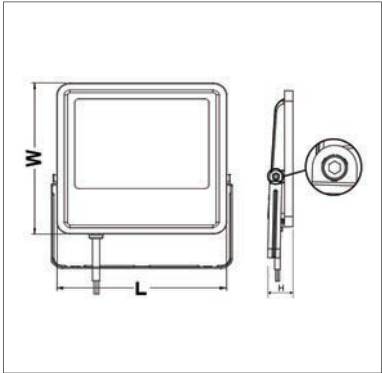

Application :

Certification :

Dimensional Drawing:

Specification :

Patented 3 in 1 waterproof terminal: Waterproof, Anti-Siphon, Breather Valve

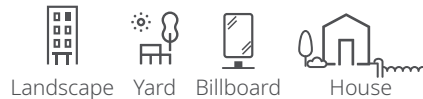

FL50 Floodlight

Features :

- Durable material & Good dissipation/die-casting aluminum housing & longer cable
- Stable performance in poor grid environment/Max 3KV surge protection
- Low maintenance cost and long life/40,000h lifetime
- Reliable outdoor application/IP65 & full range with Rebreather hole
- High efficiency and energy saving/LED chip efficiency up to 140lm/w
- Easy installation for multipurpose/adjustable iron bracket"

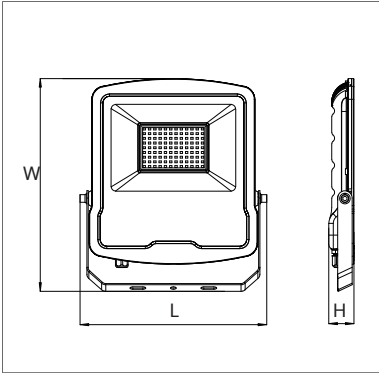

Application :

Certification :

FL50 Floodlight

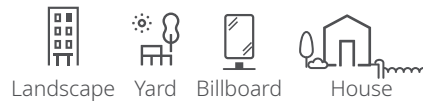

Tunable WH / RGB / SMART

Features :

- WiFi/RGB version:16 million dimmable colors/colourful lighting for outdoor festival
- Easy control via APP(WiFi) /Remote(CCT/RGB), could Group control/Multiple scenes etc.
- Easy to set up and install (WiFi)/no hub required & adjustable iron bracket
- Reliable outdoor application/IP65 & full range with Rebreather hole
- Durable Material & Good Dissipation/die-casting aluminum housing
- Low maintenance cost and long life/30,000h lifetime

SFL59 Floodlight Solar

Features :

- More bright powered by A1 class battery/One full charging can last up to 12 hours, even on rainy days.
- Shaped accent light beam/Upgraded lens design
- Long lifetime/10 years battery life
*1 time charging/day
10 hours lighting/day
- Wireless Remote control/Auto mode/Timer/Adjust brightness
- Reliable outdoor application/IP66 waterproof

RD50 Streetlight

Features :

- Professional optical to ensure outstanding light distribution
- Reliable design with surge protection up to 6KV,anti-shock IK07,waterproof IP66
- Super-fine finishing with 16 processes ensures corrosion preventive
- Durable material and good dissipation, enabling 50,000h long lifespan
- Adjustable installation angle easy to fit different poles

SIMON 65C

NEW CORE · NEW STANDARD

New 65C range

Fast break and arc extinguish, efficient protection to human safety and home appliances.

Higher breaking power

Efficiently arc extinguish, short circuit/overload protection.

Faster breaking speed

Break quickly to protect circuit.

Visual leakage protection

Problem can be identified quickly, protect human life.

NEW CORE, NEW STANDARD

Circuit Breaker

Micro Circuit Breaker - 65C

81
